**CITY OF TAHLEQUAH**

**2008-2009 MUNICIPAL BUDGET**

**PROGRAM OF MUNICIPAL SERVICES**

**ADOPTED JUNE 16, 2008**

## **CITY OF TAHLEQUAH**

The City of Tahlequah is located in the "Lakes Country" of Northeastern Oklahoma in Cherokee County with a population of 14,458 according to the 2000 Census. The City of Tahlequah is the oldest municipality in Oklahoma by virtue of an incorporation act by the Cherokee National Council of 1843, more than half a century before Oklahoma gained statehood.

Tahlequah is unique in its location, centered in the midst of the Illinois River Valley, with Lake Tenkiller and Lake Fort Gibson close by to provide unlimited recreation and beautiful scenery for the enjoyment of our citizens as well as the many tourists and travelers who pass our way. The natural beauty and rich heritage of this part of the country are unsurpassed.

Northeastern State University and the Headquarters of the Cherokee Nation are located here and are great assets to our area. We now have Dollar Rent-A-Car and American Woodmark located in our Tahlequah Industrial Park. These entities provide many job opportunities.

The City Council is comprised of the Mayor, elected at large, and four Councilors who are elected from individual wards. The Street Commissioner, City Clerk, City Treasurer and Chief of Police are also elected. Other officials and employees are appointed or hired and approved by the Mayor and City Council.

The City of Tahlequah has budgeted this coming fiscal year for a total work force of one hundred eighty six positions which include nine elected officials, one hundred twenty nine full time employees, twenty-eight part time employees and twenty volunteer firefighters.

## MAYOR'S BUDGET MESSAGE

Honorable members of the Tahlequah City Council and fellow citizens of Tahlequah:

As mayor of Oklahoma's fourth fastest growing city, it is with a great deal of pride that I look back on the many improvements made in our city. Last year, as those previous in this administration, we have successfully managed budgets that have focused on the efficient delivery of municipal services, the growth and development of our community's infrastructure, the improvement of municipal business practices, and the enhancement of economic development and quality of life in Tahlequah.

As a community, we have been experiencing an unrivaled level of growth. In the coming fiscal year, we expect that growth to continue locally. As virtually all cities are recognizing, however, our local economy is not immune to impacts of the recession now affecting our nation and state. As a result, it is critical that we exercise sound fiscal stewardship of our municipal resources in the coming year.

The proposed balanced budget for fiscal year 2008 - 2009 represents a commitment to the conservative management of city resources in these challenging economic times. The budget preserves fully the city's core mission while requiring belt-tightening measures within all departments in order to ensure responsible spending and a focus on increasing efficiency for the delivery of city services. As in past years, the development of this budget was undertaken with full consideration given to the interests and needs of every city department and their operations.

Total funds appropriated in this budget that meet the expected costs and commitments of the City of Tahlequah during FY 2008- 2009 is \$14,121,868. These include over \$1.3 million in city 'pass-through' funds derived from the one-half cent municipal sales tax dedicated to the payment of capital improvements undertaken by Tahlequah Public Schools.

The general fund, sustaining the majority of city services, is appropriated \$9.1 million. Revenues offsetting general fund costs, nearly 70% of which are derived from the 2% municipal sales tax assessed within the city, are projected at \$7,769,910. This figure represents a nearly 3% reduction of the same revenues available in this current fiscal year.

Notable proposals reflected in this budget include:

- Full implementation of the city's payroll classification and salary administration plan. This plan is implemented with the intent of making more competitive the salaries paid to non-union, city employees as compared to similar municipal positions within the state and to create a systematic means to provide future salary adjustments based on a pay-for-performance approach. Implementation costs are nearly \$71,500 and is achieved through a combination of an increase in base salary and a one-time supplemental compensation for each employee. This approach results in the majority of full-time employees receiving \$700 of additional compensation. A small number of city positions (Fire Chief, Human Resources Director, Finance Director, and Assistant Police Chief) require significantly greater adjustments for plan implementation and are targeted for plan attainment in a period not to exceed three years.

- Additional, modest wage increases are provided to all appointed and part-time city employees. All hourly wage earners are increased \$0.25 per hour to a rate that exceeds the federally-mandated \$6.55 / hour taking effect July 1, 2008.
- Only one new employee position is proposed within this budget. The position of Stormwater Program Manager, is established to provide oversight and regulatory functions for the city's mandated stormwater management program. A dedicated source of new funds supporting the program and position is secured from proposed program fees and licenses.
- Approximately \$1.7 million of the city's general fund dollars is dedicated to capital outlays for public improvements throughout the city and for the various machinery and equipment needed for the effective delivery of city services. These proposed improvements, many of which are attained through the a careful approach of placing funds in reserve from previous budgets, include –
  - Street, sidewalk and drainage projects.
  - City jail improvements.
  - Replacement of law enforcement and other fleet vehicles, focusing on increasing fuel-efficiency of replacements.
  - An addition to the city building housing the Tahlequah Sr. Citizens Center.
  - Refurbishment of the city's gateway 'Welcome Signs.'
  - Renovation of city hall facilities and council chambers.
  - Improvements to the city park facilities including new skate park features.

The proposals contained in this balanced budget are submitted to the city council after much analyses of municipal needs, numerous deliberations, and the commitment of many hours of hard work facilitated by city staff in managerial and all departmental areas. These recommendations are forwarded with confidence in the council's deliberations and, as always, with a strong commitment to the progressive development of our city.

Sincerely,

Ken Purdy, Mayor  
City of Tahlequah
